LOCAL NEWS.

Sun rises tomorrow at 4:42 a. m. and sets 7:35 p. m. High water at 8:53 a. m. and 9:21 p. m.

WEATHER PROBABILITIES.—For this section unsettled weather with showers tonight and probably Saturday; variable winds, mostly light to fresh southeasterly.

Persons leaving the city for the summer or for any length of time can have the Gazette mailed to them for ten cents a week.

Weddings.

St. Paul's Church was crowded last night by the friends of the bride and groom to witness the marriage of Miss Sarah Dwight Rathbone, daughter of the late Justus Henry Rathbone, the founder of the order of Knights of Pythias, and Rev. George Wakeman Andrew, Ph. D., rector of the First Congregational Church of Dalton, Mass. The church was beautifully decorated for the occasion. The ceremony was performed by Rev. P. P. Phillips. The bride was beautifully attired in white crepe de chine over white silk, trimmed with duchess lace. She was attended by Miss Grace Greene, of Washington, as maid of honor. Miss Greene wore white crepe de chine over white silk, and carried a bouquet of maidenhair fern and asparagus. The best man was Mr. Barton, of Dalton, Mass., and the ushers were Messrs. Lewis P. Whitaker, Wallace McK. Stowell, Charles H. Bates and Prof. Charles F. Marvin, of Washington. The bride party entered the church to the strains of the wedding march from Lohengrin, played by Mr. Sherman B. Fowler. The bride was given in marriage by her aunt, Mrs. James O. Fense, of Germantown, Pa. After the ceremony, Mr. and Mrs. Andrews left for England and Wales to spend their honeymoon. A large number of guests from out of town attended the wedding, among them former Gov. Murray Crane, of Massachusetts. Wednesday evening the bride entertained the members of the bridal party at her apartments at the corner of Washington and Duke streets.

The marriage of Miss Estelle Herbert to Mr. J. B. Walz, of Washington, took place yesterday at the German Lutheran parsonage. The bride was attended by her sister, Miss Daisy L. Herbert, and the groom by Mr. Chas. Venable. The bride wore a travelling suit of navy blue silk with large hat to match. The maid of honor was gowned in white organdy. The bridal couple left the city at 4:10 for the north. Upon their return they will reside at 1016 Tenth street northwest Washington, where they will be pleased to receive their friends.

Ferry Prospects.

A conference was held in Washington yesterday by representatives of the business community of this city and the members of the Washington and Alexandria Ferry Company at which it was decided to re-establish the ferry line between the two cities at the earliest possible moment. The directors of the ferry company announced that they have obtained options on two first-class ferryboats, which they expect to purchase as soon as possible. One of these is a double-end steam propeller of late model and said to be one of the best boats used for ferry purposes. The directors also stated that it is their intention to begin running one of the boats not later than July 10. The old Columbia, recently destroyed by fire, and whose hull was raised by the Merritt Wrecking Company, will be sent to Baltimore, Md., where it will be rebuilt by the Goodall Boat Company, of that city. The above will be read with much satisfaction by the entire community, especially by those representing the mercantile interests, whose trade has been seriously handicapped since the burning of the steamer Columbia and the closing of the ferry.

Mount Vernon Avenue.

Mr. M. B. Harlow, one of the delegates to the Virginia Board of Trade from Alexandria, in his endorsement of the Jamestown Exposition at the convention Tuesday, outlined a plan that he has been agitating for several years. Mr. Harlow has in mind a magnificent boulevard, the finest in the world, from the national capital to Washington's tomb at Mount Vernon. In Mr. Harlow's plan this splendid avenue is to be divided into reservations, one for each State and Territory of the Union. These reservations are to be decided by the various States they represent without condition, except that the Commonwealths are to pledge themselves to keep their allotments in perfect condition forever. The reservation upon which Washington's tomb stands, the last resting place of Virginia's greatest son, is to be given to the Old Dominion, to be sacred ground and forever kept lovingly.—[Norfolk Landmark.]

Chased Woman with Knife.

Officers Lyles and Roberts yesterday arrested a colored man named Horace Twyman charged with disorderly conduct and fighting. This morning he was fined \$10. Last Tuesday evening people on Patrick street, between King and Prince, saw a colored woman named Ida Bushrod running from Twyman, who was following her closely and calling to her to stop. The woman kept on and entered the alley on the east side of the street, when Twyman pulled a pruning knife from his pocket and followed her into the alley. The woman managed to escape from him. There was every reason to suppose Twyman was bent on committing a felony, and Officers Lyles and Roberts hearing of the incident succeeded in identifying and arresting the negro. The woman could not be found. It is said she went to Washington.

Plaintiff Fined.

Eva Baker was arrested this morning charged with selling liquor without a license. The charge was urged by a woman named Lillian North who had been arrested for disorderly conduct and abusive language. The latter led \$5 collateral for her appearance this morning, but she was not on hand when the case was called. Later Eva Baker was brought into court together with the woman who had made the charge against her. The witness said she had no recollection of making such charge, nor of seeing the woman sell liquor. The accused was dismissed and the North woman fined \$10.

Left for Richmond.

About a dozen members of the Alexandria Light Infantry who could not be located Tuesday evening, when the command was ordered to Richmond left last night for that city. Captain King, as stated yesterday, had telegraphed for them, and all members who were in the city were notified and responded to the call. Carlton A. Padgett, one of the city letter-carriers and a member of the Alexandria Light Infantry and who is performing his duties at the postoffice, was excused from going to Richmond. Interest is still centered in Richmond, and affairs in that city afford the main subject of conversation. Richmond papers are sold on the streets, and while they contain no later information than that printed in other papers, they cause many to suppose they are extras and as there is a natural desire to learn all that is going on, some copies are disposed of. The special dispatch published every afternoon in the Gazette is anxiously awaited by the great majority of Alexandrians, as that contains the true situation in a succinct form.

Repairs Needed on Strand.

It has been suggested several times of late that some movement should be instituted for improving the roadway on the Strand from King street south. There are several depressions especially on the square between King and Prince streets in which lakes are formed during heavy rains on high tides. The work could be done at a comparatively small cost, as the roadway merely needs raising in which oyster shells or other suitable material could be used. During a high tide Wednesday morning the water entered Prince street and flooded the roadway within a few yards of Union street. When it receded it left a quagmire through which vehicles were compelled to pass. The city has jurisdiction of this portion of the street, having assumed it over twenty years ago after the old unsightly dock had been filled. By some concerted action the city could repair this portion of Prince street and people who own property abutting on the river front could reclaim the roadway at a small outlay.

To Dredge the River.

Acting under instructions from Gen. Gillespie, chief of engineers, Col. Allen, the engineer officer in charge of the Potomac river and harbor works, is making an examination of the channels of the Potomac river at and below Washington, with a view to the institution of any dredging operations that may be found necessary in the interests of navigation. This action was taken at the instance of the Commissioners of the District of Columbia and was based upon representations to them by the Norfolk and Washington Steamboat Company that the river channel was shoaling to a dangerous degree off Giesboro' Point and also in the Washington channel opposite the docks. If found to be necessary steps will be taken at once to dredge the channel to the proper depth.

Unknown Colored Man Killed.

Benjamin Brown, colored, about twenty-two years old, and whose home is thought to be in Lynchburg, was instantly killed last night shortly after 11 o'clock in the yards of the Southern Railway in this city. The man had been seen about the station for several days, and he had expressed a desire to get to his home in Lynchburg. In attempting to board a south-bound freight train he fell from a car and dropped upon the second track in front of the shifting engine, pulling a number of loaded cars. Dr. Purvis, the Coroner, was notified and he took charge of the dead man's remains and will endeavor to locate his friends. The unfortunate man was literally cut in twain.

Corporation Court.

[Judge L. C. Barley presiding.] L. Strouse & Co. vs. T. D. Downey; decree confirming sales to all parties except T. D. Downey and continued as to him; rule issued requiring him to show cause why exceptions in his case should not be sustained; J. R. Caton appointed special commissioner to convey property. Geo. A. Armes vs. Kretol Chemical Company; decree conferring sale of property to U. S. Hanks and G. B. Kennedy. Mr. C. C. Carlin having declined to act as counsel for Thomas H. Blandheim, colored, indicted for the murder of John Green, also colored, the court appointed Messrs. L. H. Machen and H. B. Caton to defend the prisoner and the case was set for trial on Thursday next, July 2.

Arrested for Wifebeating.

About 6 o'clock yesterday evening Officer Lyles heard cries of distress coming from a house occupied by Thomas Gibson, colored, on upper King street, and hurried to the scene. Gibson saw him coming and barricaded the front door. The negro subsequently appeared at a window to take a view of the surroundings when the officer caught him by the collar and drew him through the window bringing with him the lower part of the sash. Gibson's wife was bleeding from a blow on the nose. She was sent to the office of a physician for treatment and Gibson was locked up. Gibson was brought before the Mayor this morning and fined \$10.

Disorderly Negroes.

About twelve o'clock last night three colored men and a colored woman met on the northeast corner of Duke and Alfred streets. A quarrel ensued which resulted in two of the men making a vicious assault on the other. The female in the meantime cried murder at the top of her voice which awoke people living near by and caused some excitement. The victim finally succeeded in extricating himself from his assailants and went off with the woman.

The Weather.

The extraordinary weather which has prevailed during most of the month of June continues. The temperature remains low, the wind blows from the east with threatening weather and at times rain. This morning there were light showers. The tide still makes high, flooding wharves and portions of the strand.

Epworth League Meeting.

The regular monthly literary meeting of the Epworth League of the M. E. Church South will be held in the lecture room of the church this evening at 8 o'clock. The subject will be an "Invitation Quarterly Conference," which will be both instructive and entertaining. All are cordially invited.

The steamer Kent was today launched from the ways at the shipyard.

MEDICINAL.

IN ALEXANDRIA

Every Claim is Backed by Local Testimony.

If the reader wants stronger proof than the following statement and experience of a resident of Alexandria what can it be?

Charles N. Ranch, broom manufacturer, corner of Queen and Fairfax streets, residence 223 north Royal street, says: "If the heavy lifting incurred at my calling was not the primary cause of backache and kidney complaint, attacks of which occurred during three years, it certainly greatly aggravated them. I quit the occupation and commenced broom making. Although this was easier on the back, the work being lighter, the aching still continued. Sometimes it was so severe that I could scarcely stand it. In time a distressing sensation of the kidney secretions was both annoying and painful. I was under the care of leading physicians, some of whose treatment helped transiently, but none permanently. Deciding to use Doan's Kidney Pills I went to E. S. Leadbeater & Son's drug store for a box. Without being able to positively state that they have gone to the root of kidney complaint and thoroughly eradicated it, the treatment forces me to say this remedy is certainly a specific for the kidneys."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

Personal.

Mr. and Mrs. P. J. Dempsey have returned from a visit to their daughter, Mrs. Carter, in Norfolk.

Master Harvey L. Baker has gone to the country to spend his vacation.

Miss Virginia Picklin, of Lancaster county, is visiting at the home of her uncle, Colonel Theo. H. Fickler.

Mrs. Edgar Warfield continues quite ill at her home on south Royal street.

Messrs. G. L. Boothe, J. H. Price and Douglas Stuart, who went to Staunton to attend the wedding of Mr. C. A. Stuart and Miss Kathryn Baker, have returned.

Mr. James B. Martin is ill with typhoid fever at his home on south Lee street.

Messrs. M. B. Harlow and John W. May have returned from Virginia Beach where they attended the State Board of Trade meeting.

St. John's Successors.

Several cadets of Old Point Comfort College in uniform were out today, visiting points of interest in Alexandria under the guidance of an Alexandria P. cadet. They are students of the college at Old Point of which Father Richard L. Carne is chaplain and they, when drilling handle, the guns and use the accoutrements of the old St. John's cadets, so familiar to Alexandrians.

Appointment.

Mr. R. P. W. Garnett was today appointed clerk of the U. S. Court in this city and U. S. Commissioner to fill the vacancy caused by the death of Mr. J. S. Fowler. Mr. Garnett will qualify the first of the week before Judge Wad. In Richmond, Mr. George W. Hawhurst, of Falls Church, was a applicant for the office.

County Court.

[Judge J. M. Love presiding.] Kidwell vs. Barnes; verdict for defendant.

LOCAL BREVITIES.

A marriage license was issued in Washington yesterday to Alexander Drummond, formerly of this city, and Etta G. Haines, of Anacostia, D. C.

It is said that one of the largest interests in the new American National Bank is owned by Mr. Joseph E. Willard, lieutenant-governor of Virginia and one of the largest real estate owners in Washington. The fact that Senator Elkins is also interested in the bank and that he is one of the projectors of the Old Dominion and Great Falls Electric Railway Company has led to the surmise that there is probably more or less of an alliance between Willard, Gov. Willard and Senator Elkins for business purposes.

Three cows were taken up astray in the city yesterday. Their owners subsequently appeared, left collateral and the animals were turned over to them. The collateral was forfeited, no one appearing in the Police Court this morning to answer the charge of allowing the animals to stray through the streets. Messrs. Wheat and Kennedy yesterday filled an order from Columbus, Ohio for eight barrels of kretol. The product is to be used in the State institutions.

A game of baseball was played between the Broadcloth Heights and the Holy Name Society this morning. The former won by a score of 18 to 14.

Between 10 and 11 o'clock this morning a drunken colored woman attracted considerable attention on Duke street, between Alfred and Patrick.

A granolithic pavement is to be placed in front of Tackett, Baker & Co.'s dry goods store, northeast corner of King and Pitt streets.

The schooner John McGinnis, which recently brought a load of sand to the Old Dominion Glass Works, sailed today.

"The Two Resurrections" will be the subject tonight at the Search Light Gospel Tent, corner Columbus and Queen streets.

A horse found at large was taken up by Officer Beach today, but was later turned over to its owner.

A meeting of the Confederate Veterans' Base Association will be held tonight at 7:30 o'clock, in Lee Camp Hall.

Capt. Tally Foxes has purchased from the Baltimore owner the schooner W. H. Maguire.

Mr. Jacob Brill will give his usual Friday night crab feast tonight at his restaurant, foot of King street.

Mr. J. Lee Lash will give a crab feast at his restaurant, 404 north Fairfax street, tonight.

Clam soup, 10c; fried clams, 30c dozen; deviled crabs, 10c; soft shell crabs, 10c; and vegetable soup, 5c, every day at C. H. Zimmerman's.

His Last Hope Realized.

[From the Sentinel, Ghebo, Mont.] In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by Richard Gibson.

ANOTHER BIG HOTEL FOR WASHINGTON.

—A plan is on foot to build another mammoth hotel in Washington on the site now occupied by the Ebbitt House, on the corner of Fourteenth and F streets. Mr. C. C. Willard, the owner of the Ebbitt building, who also owns several structures on the same block, proposes, with several local financiers, to erect the hotel off the site covered on the block facing F street, between Thirteenth and Fourteenth streets. The plans for the building are to make it one of the largest and most modern hotels in this country. As there is a lease on the Ebbitt House, which has three years yet to run, definite plans may be delayed unless arrangement can be made to void the unexpired lease.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not grip, weaken, or sicken; many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all other grips and sickens, while Dr. Williams' Little Early Risers do their work well and easy. Sold by E. S. Leadbeater & Sons.

Monetary and Commercial.

New York, June 25.—The stock market was again afflicted with extreme dullness and fluctuations were confined to very narrow fractions. The speculation appears to be a waiting one, but the tone is well maintained in spite of prevailing dullness.
